POWERSCAN PD9130 PRZEMYSŁOWY BEZPRZEWODOWY CZYTNIK KODÓW KRESKOWYCH 1D

PD9130-K2
PowerScan PD9100 RS-232 KIT (Cable CAB-434)

- Zielona linia skanująca
- Rozdzielczość do 2,5 mil
- Wbudowane wiele interfejsów (RS-232, Keyboard Wedge i USB)
- Technologia 3GL firmy Datalogic

OPIS PRODUKTU

The PowerScan PD9130 linear imager is a corded device offering state-of-the-art performance in an industrial product. This linear imager introduces Datalogic's new and innovative scanning technology, implementing a green scanning line which has the same definition of a laser beam with all the benefits of a linear imager.

The PD9130 imager features Datalogic's exclusive 3 Green Lights (3GL™) for superior good read feedback. The patented 'Green Spot' technology directly on the code and dual Good Read LEDs on the top of the cap increase visibility at any angle.

The PD9130 imager's mechanics have been developed and tested to withstand extreme environmental conditions, maintaining consistent reading performance without degrading performance or reliability. Its ergonomic enclosure is lightweight and well-balanced to ensure optimal operator comfort during scan-intensive operations.

All models have multi-interface capabilities featuring the most popular interfaces; RS-232, Keyboard Wedge and USB.

SPECYFIKACJA TECHNICZNA

Dopuszczenia	RoHS
Kit	Tak

Kolor	Czarny, Żółty
Masa	340 g
Max. temperatura pracy	50 °C
Max. temperatura składowania	70 °C
Min. temperatura pracy	-20 °C
Min. temperatura składowania	-40 °C
Stopień ochrony IP	IP65
Wireless	Nie
Wymiary	212 x 110 x 74
